The image shows a modern kitchen interior. The ceiling is made of dark brown, vertically-slatted wood. Two recessed rectangular lights are embedded in the ceiling. A large, curved living wall with green plants is visible on the left. In the center, two round, woven pendant lights hang from the ceiling. To the right, there are two wooden shelves mounted on a dark grey wall. The top shelf holds a potted plant, a white ceramic jar, and a glass bottle. The bottom shelf holds several small jars and another potted plant. In the foreground, a dark countertop is visible with a potted plant on it.
